

This Fall/Spring we are offering our Children's Growth Program

A Joyful Path: Spiritual Curriculum for Young Hearts and Minds

Published by ProgressiveChristianity.org.

James R. Adams commented about this innovative new series:

"At last, Sunday School lessons for which no apology is necessary.

The program is for children between 6-10, although we will gladly make adjustments for younger/older children who are interested in this program."

We also offer an experiential program for our little ones between 2-5.

Wandering by wee ones during services is optional.
